

WELCOME TO 3RD GRADE

Dear Students and Families,

Welcome to our third grade class. I'm excited about the opportunity to get to know you and I'm looking forward to a happy and productive year. We all have much to learn. Curriculum areas we will focus on this year include Bible, reading, spelling, grammar, writing, math, social studies, and science. We will also have special classes including computer, physical education, library, art, and music.

So much happens in Third Grade! Because of this, the year will be full of important transitions. It is extremely important to keep in mind that we all build on small successes. Each child will progress at his/her own rate, acquiring skills as he/she is developmentally ready. Maintaining each child's self-esteem and building a secure foundation for future growth will always remain a priority.

Read to and with your child every day, if possible. The more your child is exposed to language, the easier it will be for him/her to incorporate new skills in reading and writing in the classroom.

I am looking forward to working with your child this year and helping him/her to achieve his/her full potential. You can reach me via email at annaw@hpcaphilly.org.

Thank you,

Mrs. Wambua
