

# Hi! I'm Mrs. Soto!

*Middle School Math Teacher*

## Fall Supplies List

- ✓ Pencils
- ✓ Pens
- ✓ Erasers
- ✓ Highlighters
- ✓ Notebook (150 pages or more)
- ✓ Folder
- ✓ Protractor
- ✓ Ruler
- ✓ Scissors
- ✓ Tape
- ✓ Glue

My name is Stephanie Soto. I am excited to start my third year at HPCA. I love helping students grow **tremendously** in their math confidence and abilities.

What does an average day in math class look like? Students can expect to be challenged with problems that build upon their previous knowledge. They will create artwork, move, and learn unconventional methods that make math easier to understand and remember. Students who do well in 6<sup>th</sup> and 7<sup>th</sup> grade math will be enrolled in high school Algebra I during their 8<sup>th</sup> grade year.

Qualifications:

B.S. in Art Education from Messiah College/Temple University.

M.Ed. in Education, Concentration in Mathematics Education, from Liberty University
