

Hi! I'm Mrs. Soto!

7th and 8th Grade Math Teacher

Background Bio

My name is Stephanie Soto. I am excited to start my second year at HPCA. I love helping students grow tremendously in their math confidence and abilities.

Previous to teaching at HPCA, I taught math and art in rural, urban, and suburban elementary and high schools for 15 years. As a result, my teaching style is a mix of different strategies. I enjoy knowing all students well to maximize on their learning styles and strengths. I use unconventional methods to teach math, such as incorporating art, movement, and connections to modern culture.

Qualifications:

B.S. in Art Education from Messiah College/Temple University.

M.Ed. in Education, Concentration in Mathematics Education, from Liberty University
