Dear Families,

Yes! It's almost time for your 1<sup>st</sup> grader to begin his/her adventure into grade school.

First grade provides your child with key reading, writing, and math skills that will significantly affect his/her future learning experiences. It is an awesome undertaking, but together, with God's direction, I know we can successfully guide your child through the school year.

To give your child the best advantage in learning, be sure they are at the courtyard no later than 8:25 a.m. School begins promptly at 8:30 a. m.

Now I know the first few days of school can be both exciting and scary to your child. So I encourage you to come along into the classroom with your student. This will give you a chance to see where they sit, how our room is set up and even join in a morning activity.

There are just a few items your child will need to bring to school. That supply list is attached.

Communication is essential to a successful year so please feel free to contact me with any questions or concerns you may have. I am looking forward to a wonderful year!

Sincerely,

Ms. Wire
