Hunting Park Christian Academy

Parent Survey

Two years ago, HPCA gave parents an extensive survey to fill out. We will continue to use that survey or one like it every three years. In between, we will be giving a short survey to hear your thoughts, without being as time-consuming. We use these surveys to guide our improvements. In the surveys from past years, we saw that our facilities was one area where parents showed concerns. As a result we have invested in major renovations, including bathroom renovations, gym renovations, pre-k renovations, a new heating system, and more. These surveys are an opportunity for the board and administration to hear your thoughts, so please fill out the attached survey and return it to the main office. Thank you, and may God bless you.

Please answer the following questions so that we at Hunting Park Christian Academy can continue to provide affordable quality, Christian education for your child(ren). Thank you.

1. Why did you choose HPCA for your child's education?

2. What do you like about HPCA?

3. What would you like for HPCA to improve, add or change? (Feel free to give suggestions)
