WELCOME !!

Dear Families,

Once again my name is Ms.Bee. Though this is only my third year as a second grade teacher, I have been teaching in other capacities for about 9 years. I am excited about this year because every group is different and I always have so much to learn. I love improving myself and helping others to do the same. I love teaching because I get to learn from my students as they learn from me. Not only that, but getting to know them and be there for them the way my Father created me to brings me joy.

No one knows your child better than you. With that being said, communication is key. I understand that I am only the teacher and I want to work with you to do the best we can with the time we have. If at any moment you have a question or concern feel free to reach out to me. Class Dojo will be the quickest to contact me. It's always open in a tab during the day. I do not answer texts during school hours, but I check Dojo throughout. If a child is absent or it is something very important, text me and I will respond via Dojo. If it is 3pm-6:30pm you can text me and I will respond or call you, however, after 6:30pm I will not respond until the next morning.

They will have folders that go home everyday and come back everyday. These folders will have all homework, graded work, and other announcements in them.

I want to thank you in advance for your support and your dedication to these babies you have created. I want you to know, if no one told you today, that you are important, you are appreciated, you are loved and your children are blessed to have you as I am blessed to have them this year.

Sincerely,

Ms.Bee
