

Welcome to Middle School Math!

HPCA 2021-2022

Mrs. Stephanie Soto, M.Ed.
stephanies@hpcaphilly.org

Greetings, Parents and Guardians.

I am looking forward to working with you as your child's middle school math teacher. There are three things that I pray your child learns in math class this year.

- Math is a fun subject!
- Math is everywhere and has many real life applications.
- Math is understandable for everyone.

As we prepare for this school year, please make sure your child has the following supplies for math class:

1. 5-Star Notebook (200 pages). **They will need a LARGE notebook for math class.** Notes, practice problem sets, and assessment reviews are all in one notebook. Please do not purchase a composition notebook or small notebook for math class.
2. Folder with pockets to keep math worksheets, quizzes, and tests
3. Pencils
4. Erasers
5. Pens
6. Highlighters

Math class will be devoted to helping each child solidify basic math skills. As your child demonstrates proficiency in basic math skills, your child will be immersed with lessons in Algebra and Geometry. Our year will be dedicated to making sure each child fills in any learning gaps from the previous years and progresses forward, ending the year at or above grade level.

Please contact me via email (see above) if you have any questions. God bless!

Sincerely,
Stephanie Soto
